Design + Other Experience

Nokia Canada

May - September 2022 (Co-op)

UX + Visual Interaction Design Intern

Collaborated with designers and developers to overhaul core components and key interfaces using Sketch and Flinto following background research for new releases.

Generational Library

Mar - April 2022 (School)

UX, Speculative, Interaction Design

Analyzed past and existing cultural spaces to invent a community organization/system to encourage and support intergenerational learning and relationships. Helped to create the user journey, copy and microsite.

Twitch Feature Design

3 Weeks in May (School)

UX, UI, Interaction Design

Implemented a new Twitch feature to help extend the user's app experience when their followed streamers aren't online following brand and user research.

Dipp'd Ecommerce Site

Jan - Mar 2021 (School)

UX, Interaction Design + Front End Dev

Produced a web and mobile site driven by a self created brand identity amongst a 3 person team to help scale the store's business. Specialized in creating copy and microinteractions within portions of the site.

Ventura Future Promotion

Nov - Dec 2020 (School)

UX, Interaction, Graphic Design

Developed graphical and visual assets in a 4 person team to inspire and motivate designers to register for the event. Assisted in forming the art direction, creating copy and making interactions for the prototype.

Pacific National Exhibition

Aug 2015 - 2019 + Oct 2019

Guest Experience Representative

Clarified information involving exhibition features and show times to customers at the PNE. Communicated over the phone and in person to provide engaging and memorable interactions for customers.
